Dear new University of Virginia student:

The Department of Student Health and Wellness congratulates you on your acceptance to UVA! Our faculty and staff are here to help you maintain your well-being and to restore your health in the event of illness, injury, or a mental health concern. **Please note that remote services are available to you during periods of distance learning, such as during the novel coronavirus pandemic.**

Building immunity to common communicable diseases is a critical first step in protecting your personal health. Completion of the **pre-entrance health form** (included in the following pages) allows you to demonstrate that you have met the basic immunization requirements known to promote healthy communities. Another important step in preparing for school is to plan for your unique health care needs.
