University Policies:
SOM students are responsible for following all University guidelines and policies related to COVID-19.

Symptoms or Positive Test Result:
1. Students with symptoms or a positive test result are instructed to contact Student Health and Wellness (SHW) to schedule an appointment; scheduling is available online via HealthyHoos patient portal or call (434) 924-5362.
2. Students with symptoms should follow these instructions while awaiting their appointment or test results:
   a. Do not go to class. Separate yourself as much as possible from other people. Do not spend time in common areas. Wear your mask.
   b. If possible, have a friend pick up/order food for you. They can go to UVA Dining for a to-go meal if you provide them with your ID + a note that permits them to pick up a meal for you.
   c. Review this CDC webpage for helpful guidance.
3. Students with a positive test result should isolate until receiving further guidance: https://www.studenthealth.virginia.edu/quarantine-isolation

Exposures:
Follow guidelines here: Student Health & Wellness Infographic: What’s Close Contact – and What’s Next?
1. Fully vaccinated students do not need to quarantine, furlough, or contact SHW. As noted in the link above, students must test on day 3-5 following exposure and can schedule this on their own at besafe.virginia.edu.
2. Under-vaccinated students should contact SHW to schedule an appointment.

Furlough* from Clinical/Practicum/Class:
1. SOM is responsible for ensuring that all students have signed the revised Authorization for Release of Healthcare Information (available on the HealthyHoos patient portal).
2. Furlough forms will be completed by the SHW staff when a student is required to quarantine or isolate due to COVID-19 and sent to SOM via secure email.
3. SHW staff will communicate furlough information (including length of time) to the student.
4. SOM is responsible for informing students of Student Health and Wellness requirements that furloughed students do not come to clinical duties/school when they are on furlough; SOM is responsible for working with student on any academic needs.

*Furlough is defined as: the student cannot continue with clinicals/practicum or in-person learning during this time.
